

HARM REDUCTION DURING CHEMSEX

CARING FOR EACH OTHER

- Get to party and play with trusted friends & check in on each other
- Get informed about the substances and their effect
- Use safe words for (not) giving consent
- Provide condoms, disposable gloves, towels, disinfectant wipes/sprays, plastic bed sheets, and paper towels.

CARING FOR EACH OTHER

If something goes wrong:

- Move to a quiet place
- If unconscious, place them in a recovery position

CARING FOR EACH OTHER

If something goes wrong:

- Do not confront if psychosis takes hold!
- Reassure and keep company
- Do not make assumptions about the severity
- Call an ambulance - be honest to medical/paramedical staff.

The background features a dark blue field with three organic, flowing shapes: a large white shape in the top left, a large pink shape in the center, and a large white shape in the bottom right.

Kindness is sexy!
