

## CSF CT report

EU4Health 2021 work programme:

Calls expected mid-October 2021

- 1) Scale up good practice in community-based services to enhance the effective prevention, testing and linkage to care among risk groups for HIV/AIDS, tuberculosis, viral hepatitis and sexually-transmitted infections (5 million €)

Civil society organisations (associations, foundations, NGOs and similar entities)

- 2) Reduce liver and gastric cancer caused by infections (2 million €):

Academia and education establishments, research institutes, hospitals; enterprises in the field of public health; Member States' authorities and established networks in the field of public health

- 3) Civil Society operating grants not foreseen => advocacy campaign by European NGO health networks to restore them. After some resistance, EC agreed to look legal limitations of the Programme and possible solutions for September.
